

**Introduction** | In July 2018, CCEH surveyed its members, partners, and participants in CCEH trainings and technical assistance. The survey asked for feedback on CCEH core services, its communications and stakeholder relationships, understanding of the local and state context, and overall impacts. Over 2,000 individuals were surveyed, with 266 responding. Among core partners, 23% responded.

This document summarizes respondent feedback on CCEH’s **Training & Technical Assistance (TA)**. 181 respondents reported participating in training & technical assistance.

---

**Key Findings | Most respondents “agreed” or “strongly agreed” that CCEH...**

---

**Key Findings | On open-ended questions, respondents suggested additional training topics:**

- ▶ Working with specific populations (10 responses)
  - Young adults
  - Young parents
  - People with multiple challenges (domestic violence, mental health, substance use)
  - Chronically homeless who may be “unplaceable”
- ▶ Deeper dives on topics (diversion, Critical Time Intervention, HMIS, progressive engagement) (3)
- ▶ Landlord engagement / addressing challenges with landlords (3)
